

What Is Good Furniture

The first cost of Furniture today is liable to be uppermost in the mind of the buyer. A mistaken idea of economy is considered. Too easily is cheapness covered with a few coats of varnish or an attractive covering.

A good piece of Furniture costing but little more than poor is a lasting satisfaction. The name of a reputable maker of long standing back of what you buy is a positive guarantee of service.

Most of the factories for whom we act as local distributors have spent several generations in perfecting their respective lines. They stand pre-eminent in the world of Furniture making. Nothing short of the utmost honesty and integrity of purpose could enable them to reach and maintain their present eminence.

The following list of well known firms whom we represent exclusively in this territory is a sufficient guarantee of our claims to quality:

Berkey & Gay, Period Furniture.
Chas. P. Limbert, Arts & Crafts.
L. & J. G. Stickle, Hand Craft Furniture.
Century Furniture Co., Reproduction of Antique.

S. Karpen Bros., Guaranteed Construction Leather Goods.

Heywood Bros. & Wakefield, Reed and Reed Craft Furniture.

Stearns & Foster Co., Builders of the best Felt Mattress in the world.

Widdicomb Furniture Co., Creates fine Mahogany Bed Room Furniture.

Retting Furniture Co., Beautiful Parlor Furniture.

Gunn Furniture Co., Makers of those practical Sectional Bookcases.

And the product of several other Standard Manufacturers.

Liberal concessions in the way of attractive prices on all purchases during the remainder of our stay at this location.

The Hoyt Furniture Co.

Temporary Location 218 S. Stanton St.

ALPINE WILL HAVE SUMMER NORMAL

Superintendent F. M. Martin, of El Paso Schools, To Be in Charge.

Alpine, Tex., April 8.—Alpine will have a summer normal school this year. F. M. Martin, superintendent of the El Paso schools, will preside over the sessions. The attendance at a normal school is made compulsory on teachers of the state each alternate year and, owing to the inconvenience that west Texas teachers have experienced, it is believed that the Alpine school will meet with the general approval of west Texas educators.

The state law says: "Teachers whose certificates are to be extended and held valid under the provisions of the law, shall in no case have their certificates extended and continued valid unless said teachers shall have faithfully attended the county teachers' institute for four days each year, and also attended for not less than 20 full days each alternate summer, a summer normal institute in some county in Texas, during the validity of their certificates."

Teachers in the western portion of Texas are greatly inconvenienced by this provision although the regulation is recognized as just and necessary. By the union of several counties only can an effort at holding a normal promise such results as will justify an endeavor which will insure success. Such a union has been perfected with El Paso, Presidio, Jeff Davis, Pecos, Terrell, Ward and Brewster counties, and practically all the territory between San Antonio and El Paso will be united in lending a helping hand to the success of the normal to be conducted at Alpine.

By the union of a broad territory and the promise of a large attendance, Alpine has been able to make provision for this work which at once insures success. The best material of the state has been secured for the faculty. Superintendent F. M. Martin, of the El Paso city schools, is to conduct the work; superintendent Arthur Lefevre, Dallas, will be a member of the faculty, and Hon. F. M. Bailey, state superintendent of public instruction, will contribute a lecture course to be given in connection with the normal. A faculty of eight teachers has been chosen, and all grades of work will be taught, each department being in the hands of a teacher, thorough competent to make the work interesting.

The local committee is busy making every necessary preparation for the comfort and pleasure of attending teachers. A dormitory, hotels, summer and private homes are abundant and convenient to the school campus, in which teachers will find pleasant homes and board at a very reasonable rate. The \$35,000 school building is superbly equipped and equipped, and will be ready for occupancy before the normal opens. This building is thoroughly modern in every detail and undoubtedly one of the best lighted and ventilated buildings in Texas.

The normal will open June 13, continue six weeks and will include primary, intermediate, high school, and normal work leading to all grade certificates. Special advantages will be offered those who wish to take any of the modern languages.

GLASS TRUST HEADS UNDER INDICTMENT

Accused in Federal Court of Controlling Price of Window Panes.

Pittsburg, Pa., April 8.—The Imperial Window Glass company, incorporated in West Virginia, and 16 officials and directors were indicted by a special federal grand jury late Wednesday on three counts.

The indictment charges conspiracy in the restraint of the hand-blown window glass trade in the United States; engagement in illegal competition, and an attempt to monopolize interstate trade.

A week ago United States district attorney Jordan announced that federal officers had completed a three months' investigation of the glass industry and would present to the grand jury evidence that the corporation had violated the Sherman anti-trust law.

The officials of the Imperial Window Glass company named in the indictment are: President, Myron L. Case, of Maumee, O.; vice president, M. J. Healey, Bradford, Pa.; treasurer, J. G. Sayre, Morgantown, W. Va.

The secretary of the company, J. R. Johnston, of Pittsburg, was not named in the indictments. He appeared as the principal witness for the government and may, it is said, be granted immunity. He produced before the jury a mass of books, papers, letters and other data. The presentation, however, was based in part on the testimony of a number of other witnesses, who had been summoned from many western cities.

Method of Conspiracy.
The indictments set forth that the company has from the beginning acted as a selling agency, and has prevented competition "by persuading and inducing corporations, partnerships and individuals in the window glass trade to enter into contract with the agency to sell their entire outputs of hand-blown window glass," and that, "the defendants were able to establish, fix and maintain arbitrary, unreasonable and non-competitive prices for window glass, greatly in excess of prices that would prevail if said defendants had not engaged in unlawful conspiracy."

ODDITIES IN SIGNATURES

STUDENTS ON HOTEL REGISTERS
Students of auto signatures can find no better place to scribble than over a hotel register. Men and means are glaringly demonstrated there in the rarest stroke of the pen.

A traveling man came to El Paso a few days ago, and, desiring to use a pen, stamped his name and business address on the register of the hotel. "W. H. Bishop," it read, "Manufacturing agent, Harrisburg, Pa." And he was not a harmless traveling man either.

On today's record of hotel St. Regis is the signature "Chas. P. Garvin, Boston," written in glaring red ink. It stands out like the sun in a clouded sky.

DO IT NOW

El Paso People Should Not Wait Until It Is Too Late.

The appalling death rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, head ache, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

L. Hudson, 1317 E. Overland street, El Paso, Texas, says: "I as well as other members of my family have used Doan's Kidney Pills with satisfactory results. I was troubled by dull pains in the small of my back, especially noticeable when I sat down. I was finally advised to try Doan's Kidney Pills and I did so, procuring a box at Kelly & Pollard's drug store. They gave me the desired relief and for that reason I can recommend them to all kidney sufferers."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Don't Expect It to Taste Good Unless It Was Originally Good

Often you hear the housewife remark that articles being served did not taste as they should and immediately the cook gets the blame, while it should go to the butcher or the grocer. There is no need of scolding the cook, or discharging her. The question can be easily solved by buying meats, groceries, vegetables and fruits which the cook recognizes to be the best. There is no longer an argument as to where the best meats, groceries, vegetables, teas and coffees come from. It was conceded long ago that Nations not only kept the best of everything, but that they kept the largest assortment. There is nothing that gives more satisfaction than a juicy and tender steak and nothing gives us more pleasure than to receive such orders, for we have that kind of meat in abundance. It could not be done unless we had placed a large number of cattle on feed. Range cattle, regardless of price, are tough and coarse. You cannot realize the difference between our meat and that which other markets sell until you have enjoyed one of our steaks.

Specials for Saturday
